

Devesh Kumar Dubey

Frontend Developer

■ Delhi | ■ 8840981098 | ✉ rishidubey5676@gmail.com

PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 2 years of experience building scalable web and mobile applications. Proficient in Angular, React, Ionic, and modern UI frameworks. Experienced in delivering end-to-end solutions for enterprise clients including Sodexo and DPS. Passionate about creating intuitive user interfaces with clean, maintainable code.

WORK EXPERIENCE

Frontend Developer

Mobilise App Lab | 2022 – 2024 | 2 Years

- Developed and maintained multiple enterprise-level web and mobile applications using Angular, React, and Ionic.
- Worked on **Sodexo** projects: **Access HR** (HR management platform) and **SoCampus** (campus engagement solution).
- Contributed to **DPS** project and several other client projects across different domains.
- Built responsive UI components using HTML, CSS, Bootstrap, and JavaScript.
- Collaborated with backend teams to integrate REST APIs and deliver seamless user experiences.
- Utilized Figma for design-to-code implementation ensuring pixel-perfect interfaces.

KEY PROJECTS

Access HR | Sodexo

A comprehensive HR management platform for employee onboarding, attendance, and leave management. Built using Angular and Ionic with REST API integration.

SoCampus | Sodexo

A campus engagement and activity management application targeting student communities. Developed using Angular and Ionic framework with Bootstrap styling.

DPS Project | DPS

Contributed to the development and enhancement of a multi-module web application for DPS. Worked on UI components, performance optimization, and API integration using React and Angular.
